

Ameri Temp Ltd.

Temporary Climate Control
and Power Equipment

MOBILE COOLING UNITS

Models 10 - 60 ton
PORTABLE AIR CONDITIONING and
DEHUMIDIFICATION SYSTEMS

- **TRAILER MOUNTED:**

A completely mobile cooling system with full lighting, highway licensed, and automatic brakes where applicable.

- **SKID MOUNTED:**

Where forklift available, this cooling system offers dual fork pockets and four point lifting option.

Models 10 - 60 ton

PORTABLE AIR CONDITIONING and DEHUMIDIFICATION SYSTEMS

INDUSTRIAL APPLICATIONS

- Large area air conditioning and dehumidifying
- Tent and special events
- Aerospace and Aviation Industries
- Building cooling during shutdown and scheduled maintenance
- Large equipment and process spot cooling with multiple ducts
- Motion Picture/Performing Arts Industries
- Manufacturing

FEATURES

- UL certified
- Highly reliable, long life compressors
- Filtered supply for improved air quality
- Adjustable air volume output (CFM)
- Multiple compressors for flexibility and reliability
- Low ambient operation to 0° F (optional)
- Flexible ducts for versatile applications
- Quick connect duct adapters
- Full thermostatic control
- Optional transformer for power distribution

SKID OR TRAILER MOUNTED AIR CONDITIONERS

SKID OR TRAILER MOUNTED AIR CONDITIONERS			ELECTRICAL	DIMENSIONS IN FEET			WEIGHTS
Size	Obtainable Temperatures	Flow	Rated Line Amps 480v	Length	Width	Height	(lbs.)
10 Tons	57° F	2,250 - 3,750 CFM	29 FLA	100"	48"	49"	1,150
20 Tons	45° F	3,000 - 8,000 CFM	55 FLA	96"	72"	96"	4,500
30 Tons	45° F	2,500 - 10,000 CFM	75 FLA	120"	94"	93"	6,500
60 Tons	45° F	2,500 - 13,600 CFM	128 FLA	166"	94"	94"	8,500
